Website Business Proposal: Beauty Palace

Target Organization: Beauty Palace (hair stylist business)

1. Organization Overview

- Name: Beauty Palace
- Description: Beauty Palace is an independent business that works with people's beauty by making them feel beautiful through their hair done.

BRIEF HISTORY

Beauty Palace was founded by **Phuluso**, a passionate hair stylist whose journey began with a simple pair of scissors and a dream. From a young age, Phuluso discovered her braiding gift. As she grew up watching her mother braid people, she gained experience.

Starting out by styling friends and family in her community, Phuluso quickly gained recognition for her creativity and ability to bring out the best in every client. What began as a small home-based practice grew steadily into a professional salon, driven by word-of-mouth and loyal clients.

- **Goal:** the goal is to grow the business into a national business, beautifying people all over the country, and giving women the confidence they need.
- **Current presence:** The business currently promotes services through social media to share its creativity and designs.

- **Mission Statement**
  At Beauty Palace, our mission is to empower individuals by enhancing their beauty,making them confident enough to look in the mirror. We are committed to creating a welcoming space where every client feels valued, confident, and celebrated.
  - **Vision Statement**
  - Our vision is to become well known and to lead in the beauty industry, recognized for creativity and excellence. Beauty Palace aims to expand beyond a salon into a national brand offering premium services and launching signature hair care products.
  - **Target audience: individuals who want to get their work done**
  -

  - 2.Website goals and objectives

  - **Goals**: Position Beauty Palace as a trusted, stylish, and professional hair care business founded by Phuluso.
  - Objectives: Develop a well-organized website that reflects Beauty Palace's brand identity and values. Create a client's testimonial where there will be reviews and ratings of the service in order to build trust.

3. Current website analysis

- **Current status**: Beauty Palace does not have an official website yet and relies on social media platforms to promote its creativity.
- **Strength:** strong creativity and loyal customers.
- **Weakness:** no dedicated website for customers and not enough workers to accommodate more customers.
- **Improvements:** a website will be provided to make the business more professional and reliable.

4. Proposed website features and functionality

- **Visual & Branding**
- **Modern, Elegant Design**: Reflecting Beauty Palace's identity and creativity.
- **Responsive Layout**: Optimized for desktop, tablet, and mobile devices.

- **High-Quality Gallery**: Showcasing Phuluso's signature hairstyles, before-and-after transformations, and event styling.

- **Client Services**

- **Online Booking System**:
    - Real-time appointment scheduling.
    - Automated reminders via email/SMS.
    - Option to select preferred stylist or service package.

5. Design and user experience

- **Design Principles**
- **Elegant & Modern Aesthetic**: A clean, stylish layout that reflects Beauty Palace's identity and creativity.
- **Consistent Branding**: Use of signature colors (soft golds, blush pinks, and deep blacks), elegant typography, and imagery that highlights Phuluso's artistry.
- **Visual Storytelling**: High-quality photos and video showcasing hairstyles, transformations, and behind-the-scenes moments to connect emotionally with visitors.

6. Technical Requirements

- **Responsive Design Framework**: Built with HTML5, CSS (React) to ensure smooth performance across devices.
- **Cross-Browser Compatibility**: Optimized for Chrome, Safari, Firefox, and Edge.

7. Timelines and milestones

- **Weak 1:** project proposal and planning
- **Weak 2:** content research and portfolio image preparations
- **Weak 3:**sitemap and website structure planning
- **Weak 4:**HTML development of pages
- **Weak 5:** Testing and improvements
